Dunlopillo Holdings

Dunlopillo Holdings Sdn Bhd is based in Subang Jaya, Malaysia. The company engages in the manufacturing and distribution of beddings, mattresses and pillows. Since 2012, Dunlopillo Holdings Sdn Bhd operates as a subsidiary of the Pikolin Group, the second largest European bedding manufacturer.

Dunlopillo Holdings Hospitality is one of the Pikolin Group Business units exclusively focused in international hotel sector. Endowed with over 80 years' experience, it ensures service quality excellence thanks to its ongoing commitment to R&D investment and a team of specialized professionals working alongside each customer to meet their business needs exactly.

EXPERIENCE

"The second largest European group in the Bedding sector"

Having attained a turnover of more than 500 million dollars, the Pikolin Group is the second largest European group in the Bedding sector and the leader in Spain, France and Portugal.

The company's success and leadership are the upshots of its major production capacity. It has eight production facilities in Europe, two in Southeast Asia, supported by a large team of highly qualified professionals made up of over 2,000 people. Its largest manufacturing facility in Europe which covers over 180,000m² of manufacturing space; develops and produces mattresses, bed bases, bed slats, pillows and bedding accessories.

QUALITY FIRST

"More than a phrase, a working philosophy"

At Dunlopillo, we adhere to the most stringent quality control standards by regularly assessing our suppliers to ensure they uphold the same commitments.

We continuously strive to source for the finest quality products, driven by our belief that our customers deserve the best. This philosophy runs through all the Group companies and at their laboratories. Qualified technical staff and experts in relaxation products have at their disposal state-of-the-art technical resources to undertake their mission: to ensure that our users receive all our products manufactured and supervised in line with the strictest quality standards.

INNOVATION EXCELLENT

"It doesn't matter what your dream is, if you work hard to achieve it"

The Pikolin Group is also one of the world leaders in new bedding technology research & development. It currently has the largest number of patents in its category, and it is still investing to attain new materials and structures. This is why we are the leaders in health-oriented technology.
